

NO OUTSIDERS

No Outsiders is an inclusive educational resource, promoting community cohesion, to prepare children for life as global citizens.

It supports in the delivery of the objectives outlined in the Equality Act 2010 and the provision of personal, social, health and economic education for every child, promoting equality for all sections of the community. It aims to bring children on board from the start so that children leave primary school happy and excited about living in a community full of difference and diversity, whether that difference is through ethnicity, gender, ability, sexual orientation, gender identity, age or religion.
